

PRESCRIBED BURNS - RESOURCE MANAGEMENT

WEDNESDAY, MARCH 10TH 7-8PM

BROWN COUNTY PUBLIC LIBRARY, LOWER LEVEL MEETING ROOMS A&B

Sponsored by the Friends of Brown County State Park

The purpose of the Friends of Brown County State Park is to collaborate with the Brown County State Park to support:

- *Conservation of Natural Resources*
- *Education of the Public*
- *Historical Preservation*
- *Natural & Cultural Interpretive Activities*
- *Scientific Research*

• **Jim Eagleman, Brown County State Park interpretive naturalist**, will explain the purpose of the spring 2009 prescribed burn which was the park's first-ever resource management effort involving fire on approximately 600 acres. Find out how things look one year later and learn about plans for controlled burns in the park this year.

• **Speakers Bill and Becky Freeman**, sponsors of the educational **Nature Daze** event, will present information about prescribed burns on their property. Learn about their efforts to use fire to create a resilient native habitat free from non-native invasive plants.

• Participate in a drawing to win a print by famed Hoosier wildlife artist **Bill Zimmerman** (must be present to win)

Light refreshments will be served.
All are welcome!
